Retention Instructions:

As the OPR, Financial Services retains most records in this series for C + 7 years (C + 1 years in the office, 6 years in storage), except for Reconciliations of Tuition Fee Account, and Outside Services Reconciliations (current year only); Financial Statements (permanent); and General Ledger Year-end Trial Balance (permanent on microfiche). FRS General Ledger Print-outs may be transferred to the University Archives, with the approval of the University Archivist; otherwise they are to be retained in storage by Financial Services. Other offices retain their copies C + 1 years, except for Reconciliation of Tuition Fee Account, and Outside Services Reconciliations (current year only); and Tuition Fee Receipts and Payment Adjustments, Data Entry Account Changes, and Daily Batch Listings (not applicable - other offices do not receive these records).
Appraisal Rationale:

With respect to the retention of financial records, British Columbia's Limitation Act, S. 3(5), states that debts are not collectible, and goods are not recoverable, after six years; S. 3(4) also provides for a general limitation period of six years. It is also standard practice for the OPR to retain financial records for between five and seven years after the year of their creation - see, for example, the British Columbia Government's Administrative Records Classification System [ARCS] (1989), and Records Retention: Law and Practice, by Anson-Cartwright, et. al. (Carswell, 1994). Other offices normally retain their copies only for shorter periods. For example, ARCS has other offices retain their copies of financial records for one year after their creation or acquisition.
